WELCOME TO

Reaching Out Teahouse

In Vietnam, offering tea is our way of showing hospitality to our friends and guests. We enjoy connecting with old friends or making new ones over a cup of tea, and would love to offer you the same, genuine Vietnamese hospitality here at Reaching Out Teahouse.

As we are a teahouse that is managed by the hearing and speech impaired, please help them to offer you the best service by indicating your order using the icons on the order form and communicating with them using the word blocks and pointing.

OUR VIETNAMESE TEAS

A pot serves one person. Please feel free to ask for a second fill of boiling water for your tea.

Fair Trade Organic Green Tea — VND 50,000

Green tea is traditionally grown in gardens and prepared directly from fresh leaves. We welcome friends and family with this tea and offer it as gifts. It has a light yellow green color and a strong, slightly astringent taste. Combine it with a sweet ginger jam or peanut candy to balance the taste.

Oolong Tea Private Production — VND 65,000

This tea infuses slowly, delivering the best of itself with the second water. It has a pale yellow honey aspect, a light fragrance, and a delicate floral taste pleasing to most palates. Try it with a dry, not too sweet cake.

Snow Mountain Organic Jasmine Tea — VND 55,000

Our Jasmine tea comes from 300-year-old trees. It's one of the most exclusive Vietnamese teas. It has a light yellow color, an intense floral aroma, and taste with a light astringent note. A dry cake brings out its unique flavor.

Organic Lantern Red Herbal Tea — VND 45,000

Free of caffeine, this tea is a traditional medicinal herb, good for the stomach. It is also refreshing in summer. It has a yellow brown color, a woody incense smell, and a strong interesting spicy woody taste.

Vietnamese Tea Tasting Set — VND 110,000

Choose any 3 tea flavor combinations. Customers who choose this offering will receive a VND 110,000 rebate on any minimum VND 1,260,000 purchase of bulk or loose tea and tea accessories from Reaching Out.

OUR VIETNAMESE COFFEES

A drip filter serves one person. Sugar and condensed milk can be added to suit individual preference. It is also delicious cold - just add safe ice, which made from filtered water on site in our kitchen.

Sweet Chicory Local Coffee — VND 50,000

When sweet Chicory is added to the black, strong Vietnamese dripped coffee, the result is the most amazingly gentle, yet aromatic brew.

Yin-Yang Mocha Coffee — VND 55,000

Avid coffee fans would definitely enjoy this unique blend of Mocha and Robusta beans that blends harmoniously a rich sweetness and light bitterness.

Good Day Arabica Coffee — VND 50,000

The mild taste, seductive evocation of sweetness and the light aroma of our Arabica coffee will brighten up any dark, stormy days.

Vietnamese Coffee Tasting Set — VND 110,000

Choose any 3 coffee flavor combinations. Customers who choose this offering will receive a VND 110,000 rebate on any minimum VND 1,260,000 purchase of bulk or loose coffee and coffee accessories from Reaching Out.
